Tummy Tuck Jeans

Win Daily Giveaways

Are you looking for a pair of jeans that promises to flatten your tummy, lift your butt, wear a size smaller and look great? Tummy Tuck Jeans are soft and will feel more like your favorite pair of sweatpants than your most flattering pants. The secret, their special "crisscross" front panel design and extra stretch in the rear has led to rave reviews from curvaceous leading ladies Rachel Ray and Elizabeth Hasselbeck. Tummy Tuck Jeans are the only jeans targeted to real women with real curves.
