Real Housewife of New York City Alex McCord must be following in the footsteps of Atlanta housewife Sheree Whitfield's fashion show with no fashion.

Last night she threw a party in New York City for her book, even though she doesn't have a book deal.

Real Housewives of New York City Season 2, starring Alex and her husband Simon Kempen (pictured in their co-dependent glory here), premieres on Tuesday, February 17, right after the finale of Season 4 of Real Housewives of Orange County.
